

Wright Tire Service

Honesty and quality service top priorities

Wright Tire Service offers the broadest selection of tires in Twin Cities

“We trust in God,” said Tom Wright. “We work hard for our customers knowing that God knows everything we do and our highest authority is God.”

Many of Wright’s business principles and personal relationships are built upon teachings from the Bible.

As business has grown over the years, so has Wright Tire Services.

Four service bays have been added for a total of eight, along with an expanded showroom and second

warehouse location.

With more than 4,000 tires in stock, technicians are able to quickly get customers taken care of and back on the road.

And the majority of those customers are so happy with the service they receive they just keep coming back – Tom Wright estimates more than 90 percent of his clientele are repeat customers.

These days there is increasing competition from discount tire retailers, but Wright Tire Service has responded with competitive pricing, excellent service and expanded training for its staff.

The local business employs 18 people, including certified mechanics, tire technicians, sales and office staff. It is also a family business – including the Wrights’ son, daughter, daughter-in-law and three grandchildren.

Wright Tire Service has recently started offering Clark Gasoline, and an opportunity to save up to 8 percent of the purchase price can come with the use of a Clark credit card.

Three times a day staff check the going rate for gasoline, striving to be the lowest cost for fuel in the area.

Additional discounts are also available when the Clark credit card is used to purchase automotive repairs or tires from Wright Tire Service.

Tom Wright knows what it takes to keep customers taken care of, and coming back.

“We offer quality products at a competitive price with top of the line service.”

Wright Tire Service is located just west of Anoka along Highway 10, next to McDonald’s Restaurant. For more information visit their Web site at www.wrighttire.net, give them a call at 763-427-5700 or send an e-mail to info@wrighttire.net.

Our dedicated team.

For 34 years Anoka’s Wright Tire Service has been in the business of keeping customers on the road with quality tires, automotive repair and top-notch customer service.

Locally owned and operated, the automotive service and tire shop offers a wide variety of tires, full automotive service and aims to be the lowest priced gas retailer in the area.

For Wright Tire Service owners Tom and Jan Wright, their top priorities are honesty and providing quality service to customers.

“The customer is number one,” says Tom Wright. “Our key objective is to advise a customer what their vehicle may need as far as service or new tires. We try very hard not to over sell a person.”

Wright proudly shares that nearly every time a customer comes to pick up a vehicle the bill will be exactly what they were quoted, or sometimes even less.

“We do that by doing a lot of communication with our customers,” says Wright.

The home-town business services between 10,000 to 15,000 vehicles each year.

With the broadest selection in the Twin Cities, Wright Tire is able to outfit everything from lawn mowers, passenger cars, light and heavy trucks to semis and tractors, in brands like Bridgestone, Firestone, Dayton, Fuzion, Michelin, BFGoodrich and Goodyear.

Wright Tire Service was the first business to offer discount tires in Anoka County and is currently the largest independently owned dealer of Bridgestone and Firestone tires in the Twin Cities.

The couple’s strong faith in God has guided their daily lives and how they operate and build their business.

135 YEARS TOTAL TIRE AND SERVICE EXPERIENCE

On a cold January day in 1975 Wright Tire opened. We sold our first set of tires to a young insurance salesman. They were mounted and balanced by the owner Tom Wright. Soon a second employee was added to help mount tires, then an alignment specialist. We pause to thank our customers, our loyal employees and the Lord for helping us to grow to the largest single unit Firestone dealer in 21 states. We now stock more tires (over 4000) and service more cars than any other dealer in the Twin Cities. We now have 18 employees. We now have a full time wholesale and fleet manager who has over 30 years experience in tires and in running retread shops. His main responsibility is to keep us competitive with Fleet stores, wholesale truck & farm. Call us - he’ll visit your fleet or dealership to offer you a very competitive deal.

Stop in and see Tom Jr. or one of our associates for BIG savings on tires & service!
